

## Distribution and Logistics Program of Study

*Business and Industry Endorsement*

The **Distribution and Logistics** program of study teaches students how to plan, coordinate, and direct people and operational plans related to distributed goods and services. Students will learn how to manage daily operations and logistics personnel.

To complete the Program of Study, students must earn four credits in the Program of Study and one of the credits must be an Advanced Level course.

**NOTE:** This program of study is part of the P-TECH Academy. For enrollment information, please visit the P-TECH website or the College Credit Opportunities section in this guide.
